

IHE is looking for.....

## Heavy Duty Equipment Technician

Location: Mission, BC

### Who you are

Personally, you seek work-life balance that a regularly scheduled Monday-to-Friday job provides. In your impressive five years of heavy equipment mechanic experience, perhaps you've experienced northern camp environments, so you may cherish sleeping in your own bed and staying connected to community, friends and family. You want the peace-of-mind of consistent work with opportunity for longevity. You're ready to give back and experience the fulfillment and satisfaction from helping others.

### Who we are?

Interior Heavy Equipment School (IHE) is Western Canada's largest heavy equipment training school. With four sites (BC and Alberta) covering 57 acres, IHE delivers hundreds of competently trained operators into the marketplace. Students experience live hands-on training on one or more of our fleet of over 70 pieces of full-size machines. Since 2005, IHE has been providing students with the opportunity of having marketable skills and career stability.

### About the Opportunity

Reporting to the Site Supervisor, the Heavy Duty Equipment Technician is of paramount importance to ensure smooth operation of our fleet at our learning site. Our goal is to provide the highest quality of training while maintaining our commitment toward established professional standards in all departments. If you pride yourself on your excellent work record and have an energized attitude, read on!
